**INDIVIDUAL PACKS = \$1700.00**

Systems available in English, Italian, Portuguese, Spanish, Japanese, Kiddie Mode and Quasar. All prices are in US\$. \*Free shipping within the U.S.A.. Prices do not include tax, duties or custom charges. 3 year limited warranty on electronics for all new systems. Warranty is voided when equipment is altered by someone other than a Laser Light Entertainment Inc. representative. Some restrictions apply. Computers come pre-loaded with game software. Systems and prices are subject to change without notice.

### ADDITIONAL ITEMS REQUIRED:

Installation Wire - Installation wire is required to connect the charging system and to network the energizers, scoreboards and computer. Charge Socket Housing - Charge sockets need to be mounted into an electrical raceway or plastic housing.

### ADDITIONAL ITEMS SUGGESTED:

Arena Walls & Barrels / Obstacles - Walls in an arena should be painted black with Ultra Violet paint. Some locations have an artist come in and paint murals in the arena with the UV paint. Racks / Hooks - to hang vest and phasers on. Television monitors - for score viewing. Smoke Machine - The lasers require a small amount of special effects fog/smoke in order to enhance the beams. The more smoke the better the visual effect will be. Arena Music - Laser Tag is typically played to high energy / techno music.
